

JEFF LAY Corporate Fleet Manager

Jeff's Story:

Like others at Rumpke, Jeff made it his mission to serve his country. His first career was in the US Army in infantry, and later as a mechanic. Jeff often states that Rumpke's family atmosphere feels a lot like being back in the service.

"The family dynamic and the team atmosphere is similar to what you would find in the Army. The company and your team want you to succeed, and they help you to succeed."

Jeff also points out that military members won't be alone at Rumpke, as he has found brothers and sisters from all branches of the military.
